Self Help Graphics & Art (SHG), which was incorporated in 1973, is a leading non-profit visual arts center that serves the Los Angeles Latino community with a variety of programs. SHG supports the creation of new work by Chicano and Latino artists through fine art printmaking and multiple visual art forms. As the preeminent center for Latino art in printmaking, exhibition and training for young and emerging artists, SHG has mounted an aggressive capital campaign to purchase a building to permanently provide art instruction and education for the residents of Los Angeles and has partnered with the California Community Foundation to develop a mixed-use center for arts programs combined with affordable housing. The California Community Foundation will provide technical assistance and leverage any funding necessary to locate a suitable property for this mixed-used development.

I, THEREFORE, authorize the Chief Executive Officer execute a funding agreement with the California Community Foundation in the amount of \$250,000 to assist in the purchase of property and predevelopment activities for a new mixed use development to house Self Help Graphic's new visual arts and education center along with affordable housing, Funds are to be allocated from the First District allocation within the Project and Facility Development Budget.
